CCA COMPETITION PHILOSOPHY

Our Philosophy

The main responsibility of a college cheerleader is to serve as a representative of their school, promoting unity and spirit both on and off the campus. The college cheerleader also contributes to recruitment efforts by showcasing the culture of the college to prospective students, athletes, and their families. They are public relations ambassadors. This is true of club teams, STUNT teams, acrobatics & tumbling teams as well as sideline and competition teams.

Another important responsibility of any cheer team is to develop leadership and teach life lessons to each participant. Giving 100% to all competition efforts, teaching life lessons and always putting TEAM first should be their highest priority.

Our Purpose

- To offer a place for competition for those athletes who have selected cheerleading as their extra-curricular athletic activity just as all other sports are able to do at every game.
- To offer an outlet to recognize and reward excellence and hard work in the Christian cheerleading environment.
- To give Christian cheerleaders and Christian/faitH-based teams a place to compete with their peers without intimidation because of dress, moves, music and other Biblical standards of behavior.
- To afford the opportunity to meet and fellowship with other teams from other cities, states and regions of the country. This allows for development of lasting friendships and provides increased networking opportunities, representing the Lord Jesus Christ.
- To honor and give pre-eminence to the Lord Jesus Christ in all activities and events.
- To offer affordable competition with individual and team rewards with the opportunity to recruit and award scholarships. (available at Nationals only).

Our Professionalism

- All rules, costs, judging sheets and competition guidelines will be distributed to participants will in advance of all competition events.
- All music must meet the guidelines in accordance with the CCA Music, Moves and Dress policy, which may be found on the CCA website (www.cheercca.com). All music should have proper legal licensing. If there is a doubt about music, it should be submitted one month in advance to information@cheercca.com in an mp3 or .wav format. Music not meeting the guidelines will result in not being able to be used at the competition event at all and no refund given. All routines must also follow the other rules in the MMD policy.
- National Federation of High School Spirit safety rules for School, Empower and USA Safety rules for college teams will be in effect and strictly adhered to and enforced. AllStar teams must abide by The Open Championships guidelines and safety rules. Besides the required team spotters, the event producer will provide floor spotters in accordance with liability requirements and for additional safety.
- All events will be held on an official cheer foam bonded floor. Nationals performance floor and tumbling strip warm-up will be held on a regulation spring floor. Performance floors will be 54' X 42'. Stunt team, solos, duos and trios as well as dance teams will be held on the same floor. Mat time rehearsal will be allowed as well as warm up on another floor or partial floor. All Schools must sign a spring floor waiver for CCA Nationals.
- Competition admin will provide experienced, qualified safety, deduction, building, jumps/tumbling, and overall judges as well as timekeepers and announcers. All judges must certify that they are not connected with any participating school/team in any way to avoid any semblance of impropriety.
